Charlene -

Here is the breakdown of services for fiscal year 2016. (7-1-2015 through 6-30-2016). I have highlighted them in bright green with the total for all services at the bottom, I included the fire services for this summer. Let me know if you have any questions on this, I'll follow up with you in a few days.

I think that Cheryl will be contacting the school shortly to schedule the fire inspections for this summer. Is there a specific contact we should communicate with for these inspections? Also, we will need a signature on the agreement for fire inspections authorizing us to do the work before we can perform the work, should I send this to you as well?

Thanks.

Subject: FW: Cancellation of Preventative Maintenance Agreement

Hi Michael,

We have cancelled our service with Simplex effective today, so please put us on your list to provide this service in the future.

Also we will need to establish a new purchase order amount for all of your services for FY16 (07/01/2015-06/30/2016).

Perhaps we can chat over the phone late this month or early in April to establish an amount for Fiscal Year 2016.

Thanks Michael,

Charlene Parkinson
