Jim:

From our discussion today, here are the amounts approved by council by Ordinance 2016-37 for Freeze Funds:

1. For the Irrigation system \$18,500
2. For the backstop & dugout safety upgrades and repairs \$49,100
3. For the batting cage improvement baseball & softball \$20,750
4. For spectator fencing improvement/replacement \$27,900

These I believe are the total costs, or \$116,250 of these projects. The Freeze Funds will contribute \$87,150, which is just slightly less than 75% (74.96%) of the total costs.

I hope this helps. If you have any other questions, please feel free to call me.

Brian
