Analysis:

As previously discussed continued analysis is necessary to forecast ADM as well as the Employee FTE budgeted in the General Fund, while improving student performance in the classroom. This will impact the viability of the General Fund supporting some portion of the potential financing for the development of the proposed land acquisition.

Analysis:

Calendar year 2017 major medical insurance costs increased approximately 5% over the previous year, well below industry trends. Opportunites exist to reduce expenditures in major medical insurance costs by offering an employer contribution to a Health Savings Account for employees.
