6110 - GRANT FUNDS

It is the objective of the Board of Education to provide equal educational opportunities for all District students. Government agencies, as well as foundations, businesses, and individuals, periodically offer both human and material resources to the District that benefits students and the educational program. Therefore, it is the intent of the Board to consider grant proposals and applications for their potential to enhance the educational opportunities, the educational environment, and the physical and mental growth for each student.

The Superintendent shall review new Federal education legislation and prepare proposals for programs s/he deems would be of aid to the students of this District. The Superintendent shall approve each such proposal prior to its submission, and the Board shall approve all grants resulting from such proposals.

The Board regards available Federal funds of aid to local school districts and communities as a public trust. It forbids the use of Federal monies for partisan political activities and for any use that would not be in accordance with Federal regulations and guidelines.

No Federal funds received by the District shall be used to:

- A. develop or distribute materials, or operate programs or courses of instruction directed at youths, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual;
- B. distribute or aid in the distribution by any organization of legally obscene materials to minors on school grounds;
- C. provide sex education or HIV-prevention education in schools unless that instruction is age appropriate and includes the health benefits of abstinence; or

- E. All Federal funds received by the District will be used in accordance with the applicable Federal law and regulations and the terms and conditions of the Federal award. The Superintendent shall require that each draw of Federal monies be aligned with the District's payment process (whether reimbursement, cash advance or a combination). If funds are permitted to be drawn in advance, all draws will be as close as administratively feasible to the related program expenditures and that, when restricted, such monies are used to supplement programs and funding and not to supplant or replace existing programming or current funding. **Maintenance of Effort (MOE) and Maintenance of Equity (MOEquity) requirements of the Federal program will be met in accordance with the requirements of the specific funded program. The District shall maintain appropriate documentation and records to substantiate compliance or to justify allowable exceptions, exemptions, or waivers.**
- F. The Superintendent is authorized to sign related documents for grant administration, including documents required for submittal of grant proposals.
- G. Written amendments requiring the Superintendent's signature shall be presented to the Board for approval.
- H. Employee positions established through the use of grant funding shall terminate if and when the related grant funding ceases.
- I. Program reports including but not limited to audits, site visits and final reports shall be submitted to the Superintendent for review and distribution to the Board and other appropriate parties.

For Federal programs and awards, identification shall include the Catalog of Federal Domestic Assistance ("CFDA") title and number, Federal award identification number and year, name of the Federal agency and name of the pass-through entity, as applicable.
- B. Accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements of the grant.

Program Income

Program income means gross income earned by a grant recipient that is directly generated by a supported activity or earned as a result of the Federal award during the grant's period of performance.

It includes, but is not limited to, income from fees for services performed, the use or rental of real or personal property acquired under Federal awards, the sale of commodities or items fabricated under a Federal award, license fees and royalties on patents and copyrights, and principal and interest on loans made with Federal award funds. Interest earned on advances of Federal funds is not program income. Except as otherwise provided in Federal statutes, regulations or the terms and conditions of the Federal award, program income does not include rebates, credits, discounts and interest earned on any of them. Additionally, taxes, special assessments, levies, fines and other such revenues raised by a recipient are not program income unless the revenues are specifically identified in the Federal award or Federal awarding agency regulations as program income. Finally, proceeds from the sale of real property, equipment or supplies are not program income.

Unless it has received prior approval to use a different method or the terms and conditions of the grant authorize a different method, the District uses the deduction method of accounting for program income. Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the Federal awarding agency or pass-through entity.
