

June 9, 2015

To: Galion City School District  
470 Portland Way North  
Galion, OH 44833  
Attention: Charlene Parkinson

The following is intended as an addendum to the previously submitted contract for comprehensive scanning services and software. This addendum is intended to reflect the following new upgrades:

iBridge Optimization Module for EDGE	= \$1,195
SCScan Station License (Optional)	= \$995
Total Cost	= \$2,190 (one time cost)

Note: There is also an EDGE upgrade that is purchased through EDGE. EDGE charges \$595 for the upgrade. A physical scanner will also be needed. We will recommend a scanner with a cost of \$850 that will work in your environment. **In total for all items, we expect the total cost to be \$3,635. This includes all costs for software and hardware to our company, as well as EDGE.**
