5350 ~~STUDENT SUICIDE~~ **STUDENT MENTAL HEALTH AND SUICIDE PREVENTION**

~~The Board of Education recognizes that depression and self-destruction are problems of increasing severity among children and adolescents. A student who suffers the psychological disability of depression cannot benefit fully from the educational program of the schools, and a student who has attempted self-destruction poses a danger both to himself/herself and to other students.~~

~~All school personnel should be alert to the student who exhibits signs of unusual depression or who threatens or attempts suicide. Any such signs or the report of such signs from another student or staff member should be taken with the utmost seriousness.~~

~~In accordance with Policy 8462, staff shall receive professional development training in the risk factors, warning signs, and resources regarding youth suicide awareness and prevention. Such training shall include the warning signs of non-suicidal self-injurious behaviors.~~

The Board of Education recognizes that mental health conditions and self-injury are problems of increasing severity among children and adolescents. A student who suffers from a mental health condition such as depression and who has attempted self-injury poses a danger both to himself/herself and to other students.

All school personnel should be alert for students who exhibit signs of unusual mental health related behavior or who threaten or attempt self injury or suicide. Any such signs or the report of such signs from another student or staff member should be taken with the utmost seriousness.

In accordance with Policy 8462, designated staff shall receive professional development training in accordance with Board-adopted curriculum that includes the risk factors, warning signs, and resources regarding youth suicide awareness and prevention at least every two (2) years.

Additional professional development training in youth suicide risk assessment and intervention shall be provided to mental health employees, counselors, teachers, administrators, school psychologists, and school nurses.

The Superintendent shall develop and implement administrative guidelines whereby members of the professional staff understand how to use an intervention procedure which includes the following:

Step 1 - Stabilization

Step 2 - Assessment of the Risk

Step 3 - Use of Appropriate Risk Procedure

Step 4 - Communication with Appropriate Parties

Step 5 - Follow-up

Throughout any intervention, it is essential that Board policies and District guidelines regarding confidentiality be observed at all times.
