Trip summary/information:

La Chatelaine is a cozy French restaurant that has 3 locations in the Columbus area. It is a family-owned business that has been in existence since 1991. The family grew up in France and have had much success with their restaurants. They give everyone the experience of authentic French cuisine for Breakfast, Lunch and Dinner. Students on this trip will be from my class levels 3 and 4. They will get to eat the variety of foods from pastries, breads, and main dishes, including escargot. This type of food in authentic form is difficult to come by, so for the cost and distance from the school, they are the best all-around place to be able to give my students the experience that I simply can't give them at school or most other places they would go to on their own. The owners do speak native French, and as long as they are present, the students will have the opportunity to speak to them.

By this point in their French learning, they have the background knowledge of French cuisine and the appropriate level of speaking and interaction to fully benefit from the trip.

This trip was taken for the first time last March with Galion students and we had a great time. We appreciate your consideration for the trip once again.
