GBL Bank
SINCE 1888

October 15, 2026

GBL Bank was pleased to present 146 Texas Instruments TI-30IIS calculators to Galion Middle School sixth graders and new seventh/eighth graders on Thursday, October 15, 2026.

2026 is the 35th year that calculators have been donated to Galion students!

We enjoy this collaboration with Galion Schools and look forward to the Calculator Day presentation each year. Our bank president, Don Barr, board president, Stan Gregory and treasurer, Austin Lillo, accompanied me for the presentation.

The monetary value of this year's donation is $1971.00.

Sincerely,

Jody Fraley
